## **From the President: Bob Turner**

Trying to play catch up with heavy workload (thought I was retired...sigh) and boys back to school. Sooo, will use my three minutes of fame to catch up on random and sundry topics that have been and continue to move forward.

For those who weren't in Arkansas or may have missed the last newsletter notice, 2022 nationals will return to Lake Norman Yacht club June 20-24. It has been quite a while since the Y class has been to the LNYC facility but from all accounts, it was a great venue with great camping and facilities. The exec committee has assured us that they will do their very best to run an excellent event and make our class feel welcome once again. There will be some challenges that we as a class may have to help with including working thru the trophy program and providing options for meals for the five days of activities. Though the club house is relatively accommodating, it does not have an official meal preparation area. In the past it has worked out fine but will be very happy to field suggestions for the "Welcome aboard" dinner, The annual meeting dinner, and awards "banquet". There are plenty of grills and tables available so anyone wishing to join a "planning session", start putting together some thoughts towards that process. More on that later....

In Arkansas, while doing my best imitation of Vanna White, handing out trophies to those who fought their way to the top of the heap, there was a bit of a faux pax when I inadvertently handed Ben Guise the Junior National Trophy. After some reflection, it was determined that he had "aged out" (barely) and with some wrestling, I managed to retrieve (pry) it from his grasp. As I looked at the names that had been added over the

years, I couldn't help but notice that many of those "juniors", who had left to go to other classes, had returned to their Y Flyer class roots. One of those who's name stood out, was Lenny Krawcheck, Junior National Champion-1959....think about it.... Welcome back Lenny and all the other "juniors" that have grown to adulthood, married, and now can be found sailing with their children. It's a wonderful class we have and a fantastic group of sailors... cherish it.

Kiva clear...standing by on 16...static...break...more static....

## From Your Editor:

**Captain Terryble**

Summer racing is coming to an end up here in the north. At Saratoga Lake, there are only two weeks remaining of our Sunday afternoon racing. Our Wednesday evening racing has become the annual "fun" series with multiple short races with three-minute starts and racing only ends when darkness stops us. The Frost biters start racing in November and continue in Kestrel sailboats until there's ice on the lake.

2022 will feature the Nationals in June at Lake Norman and the Internationals in July at Saratoga Lake.

I'm hopeful that 2022 will bring a huge boost in our Y-Flyer membership numbers, the start-up of new boat building, bigger numbers attending our regattas and the return of fleets at some of the clubs that once were Y-Flyer hotbeds.

We can end this year on a high note....and sing even higher next year.
